01 / ARTIST OVERVIEW

A catalogue with a new pulse.

STRAYD is the primary artist and band identity for a growing independent music catalogue spanning rock, alternative sounds, remixes and soundtrack-minded work. With more than 55 songs in the wider catalogue and a campaign built around one new single each week, STRAYD is bringing its next chapter into focus with Suzuki and Martin Strayd at the centre.

Brand and artist naming

STRAYD is the band and primary brand. **Suzuki & Strayd** is the duo billing used for the new single campaign. **Martin Strayd** remains the artist name associated with his existing solo catalogue and streaming profiles.

Martin Strayd

Founder · Artist · Songwriter

Martin started the band and brings a long-running independent music career, a rock-first outlook and a catalogue spanning alternative sounds, remixes and soundtrack-minded work. His existing releases continue under the artist name Martin Strayd.

Suzuki

Manager · Vocalist · Band member

Suzuki first joined as manager, began singing backing vocals and became a member of the band. With Thai-Japanese roots, a strong love of rock and a distinctive visual identity, she helps shape STRAYD's next chapter. Suzuki is not a guitarist.

“STRAYD is the headline. The music catalogue is the foundation. Suzuki & Strayd is the next chapter.”
